Fill in the company registration number and the name of the business or association. If the business or association does not have a Swedish registration number, please indicate which category applies.

2. Contact details for this case

We send all notifications to the business or association. If you want to, you can fill in an address that is different from the one registered with Bolagsverket. If the business or association is not in Bolagsverket's register, you must fill in all the contact details.

C/o

Fill in the surname of the house/flat owner if it is not you. Or you can fill in the name of a contact person. If you are helping someone else with their application, you can write your own name or business name here. Write C/o or Attn: followed by the name.

Stairwell

Stairwell is unusual in an address and is only used in certain Swedish municipalities. Write UH for right stairwell, UV for left stairwell or U followed by numbers. For example stairwell 3 would be U3.

Floor

If your flat does not have a number, you should fill in the floor number. BV for ground floor, NB for lower ground floor, ½ for half a floor up or TR for stairs.

Flat number

Flat numbers in Sweden always have four digits. Your flat number will probably be on your door or listed by your name on the board in the entrance. Contact your landlord or tenant association if you cannot find out what your apartment number is.

3. Reason for exemption

Put a tick in the box next to the reason why the business or association is applying for exemption. If you tick the box marked 'Other reason' you must state what this reason is and why.

4. Signature

An authorised signatory must sign the application. If you have a power of attorney from the business or association, you can sign the form. You do not need to send the power of attorney document to us.
